

Hanscom Clinic Patient Handbook

Welcome to the 66th Medical Squadron at Hanscom AFB!

We thank you for trusting us with your care—it's truly our privilege to work with you on improving your health. Our Medical Squadron provides care in a Medical Home atmosphere. In a Medical Home, each patient will be assigned to one health care team. This health care team will include a physician, nurse practitioner, and/or physician assistant; a nurse, medical technicians, and an administrative technician who will partner with you to provide prevention, wellness, acute and chronic care. A Medical Home is a place of care where patients are treated with respect, dignity, and compassion, which allows for a strong and trusting relationship between the patient and their care team. As a patient, you can select or change your health care team at any time by using milConnect at: <https://milconnect.dmdc.osd.mil/milconnect/>

Staff in a Medical Home respect the patient and family's unique needs, cultures, values and preferences while supporting them in learning how to manage their own care. The Medical Home staff will coordinate all aspects of your care, to include providing referrals, obtaining results, and consulting with other specialty providers. In some instances, the need for additional team members such as case managers, disease managers, health care educators, behavioral health consultants or pharmacists will be added to the team to ensure a complete plan of care is provided. Finally, the Medical Home staff strives to provide the highest quality and safest care possible by using current evidence-based medicine and a focus on measuring our performance.

Your Air Force Medical Home Team

Mission

Propel a globally ready force through health

Vision

Forging the future of military care: anytime, anywhere

Values

HEARTS: Humility – Empathy – Agility – Respect – Trust - Stewardship

The Hanscom Clinic is dedicated to providing our patients with the best possible healthcare. We value your opinion and welcome your comments. Please feel free to fill out a patient comment card available at the patient comment box located in the main lobby. Your input helps us to provide safe, quality care. In addition, you may contact our:

Patient Advocate at 781-225-6198

Facility Safety Manager at 781-225-6279

Patient Safety Manager at 781-225-4149

Getting the Care You Need

Hours Of Operation

The Hanscom Clinic is open from Monday – Friday, 0730-1630 hours. We are closed on all federal holidays and every Wednesday 0730-1000 for training. Federal holidays include the following: New Year’s Day, Martin Luther King Day, President’s Day, Memorial Day, Juneteenth, Independence Day, Labor Day, Columbus Day, Veterans Day, Thanksgiving Day, and Christmas Day.

Scheduling/Rescheduling/Cancelling Appointments

To schedule, reschedule or cancel an appointment in Family Health, Flight Medicine, Primary Care Behavioral Health or Optometry, please call the Call Center at **781-225-6789 option #1**. You can also log onto the MHS Genesis Patient Portal at <https://my.mhsgenesis.health.mil/> to cancel appointments only. The Call Center’s normal duty hours are Monday – Friday, 0700-1630, excluding Federal holidays. The Call Center is your point of contact to obtain general information about the Hanscom Clinic, contact your Primary Care Manager, report emergency care received after hours, or obtain information about enrollment, claims or referrals.

Show-Time for Appointments

It is important that you arrive 15 minutes prior to your scheduled appointment time. This will allow time to check-in, complete paperwork and technician screening prior to seeing your provider. **Patients arriving more than 10 minutes late for any appointment** (includes well exams, follow-ups, and mental health appointments) will have 2 options. They can choose to wait for an opening in the provider’s schedule and be seen by the end of the day or they can choose to reschedule.

Getting The Care You Need

Same Day Medical Care

To accommodate our patients, we offer same day (or within 24 hours) appointments for acute illnesses. For same day care, call the call center at 781-225-6789.

AFMAN 41-210 Chapter 4, Item 4.11.4: Unit Commanders and supervisors have the authority to grant up to 24 hours sick status at their discretion if a member's illness/injury does not require MTF intervention. If the illness/injury persists beyond 24 hours, then the Commander or supervisor must refer the member to the MTF for treatment and subsequent clinical examination.

TRICARE Nurse Advice Line (NAL)

The NAL is a team of registered nurses located outside of the Hanscom Clinic who are available 24 hours a day, 7 days a week. When calling the NAL, a customer service representative will first verify eligibility. The call will then be transferred to a registered nurse who will ask a series of questions. The nurse will provide health care advice, and if a same-day appointment is needed, the NAL will book an appointment within the clinic or help the caller find an urgent care clinic, depending on the situation. To reach the NAL, dial 781-225-6789 option #1 after hours.

*Parents calling for children must have the child with them when calling.

Animals in the Clinic

Animals are not permitted in the clinic, except for service animals and military working dogs. "Service Animal" is defined as an animal trained to do work or perform tasks for the benefit of an individual with a disability. Pets providing emotional support, well-being, comfort or companionship are not recognized as service animals under ADA regulations. Misrepresenting an animal as a service animal is a criminal violation.

Getting The Care You Need

Inclement Weather

In the event of inclement weather, please call the Hanscom AFB Weather Information System Hotline at **781-225-COLD (2653)** prior to departing for your medical appointment to get the most current information on closures. If the base has a delayed opening or closure, the clinic will follow the same delayed opening or closure procedures and any appointments during this timeframe will automatically be cancelled. This applies to virtual appointments too. The clinic will make every effort to call patients to reschedule but patients can also contact the Call Center at **781-225-6789 option # 1** to reschedule their appointment, once we reopen. If the clinic remains open during inclement weather, please dress appropriately. Layering of clothing is advised for cold weather, and sensible footwear can prevent slips and falls. For urgent care during inclement weather, please follow the instructions below for after-hours care.

Out of Area Care (When You Travel)

If you have a **medical emergency** (danger to life, limb, eyesight or severe pain) call 911 or seek care immediately at the closest Emergency Room. If you need **urgent** care while traveling, dial **1-800-TRICARE (874-2273)** for the Nurse Advice Line. Pre-authorization from the Nurse Advice Line provider is required for active-duty members **before** they seek care for non-emergent medical issues. Non-active-duty beneficiaries may visit a TRICARE-authorized Urgent Care Clinic without a referral.

After-Hours/Weekend/Holiday Care

If you need **urgent** care after hours (not an emergency, but you need care before the next duty day), call 781-225-6789, option #1 and connect to the Nurse Advice Line. Pre-authorization from a Nurse Advice Line provider is required for active-duty members **before** they seek care for non-emergent medical issues. Non-active-duty beneficiaries may visit a TRICARE-authorized Urgent Care Clinic without a referral.

Getting The Care You Need

Child Supervision Policy

Due to safety, infection prevention, and radiation concerns, children may not be present in the treatment room while their guardian is receiving medical/dental care, to include, but not limited to visits with optometry, laboratory, immunizations, and radiology.

Children under the age of 12 must have adequate supervision. Adequate supervision is defined as “guidance by an adult which meets the basis needs and protects a child on a temporary or permanent basis; may be provided on a temporary basis by a child age 12 years or older who possess the competence, experience and maturity to supervise.

Clinic staff are not authorized to be the responsible individual for children less than 12. Please ensure you have made childcare arrangements when booking an appointment. We reserve the right to cancel and reschedule your appointment if compliance with this policy cannot be met.

MHS GENESIS Patient Portal

The MHS GENESIS Patient Portal provides access to your EHR (Electronic Health Record) and contains your most current medical and dental information via a secure website. It connects you to your MTF’s health care team and is available anytime, anywhere. Additional information on using the portal can be found by clicking “Help” under your name within the portal. For help accessing the portal, please call 1-800-600-9332.

We encourage you to utilize the **MHS GENESIS Patient Portal** at <https://my.mhsgenesis.health.mil> to exchange messages with our clinic staff. To send us a message, search by your PCM’s name, and after receiving your message, a member from your PCM team will be in touch.

Getting The Care You Need

Primary Care Clinic

The Primary Care Clinic provides acute, routine and wellness primary care services **by appointment only** to enrolled TRICARE Prime beneficiaries. Both in-person and virtual appointments are available at your convenience. Some care may not be available virtually. This may or may not be known until the time of your appointment. Your PCM team will work with you to coordinate care and ensure the best care is provided based on your medical needs.

Pregnancy/Obstetric Care: No pregnancy or obstetric care is available at the MTF. If you are currently pregnant, or believe that you may be, then please call **781-225-6789** and leave a message for your health care team. Your team will call you to assess your needs and coordinate further pregnancy related care.

Warrior Operational Medical Clinic

WOMC provides acute, routine, readiness, and wellness services to Active Duty, Reserve, and Guard service members **by appointment only** to enrolled TRICARE Prime beneficiaries. In-person and virtual appointments are available at your convenience. Some care may not be available virtually, and this may or may not be known until your appointment time. Your PCM team will work with you to coordinate care and ensure the best care is provided based on your medical needs.

Primary Care Behavioral Health (PCBH)

The Primary Care Behavioral Health program (formerly BHOP) integrates a licensed behavioral health provider into the Primary Care Clinics to substantially increase access to timely behavioral health services among enrolled service members, retirees, and their family members. The PCBH Consultant serves as a consultant to the PCMs. Common topics of concern: depression, anxiety, sleep, pain, stress management, smoking cessation, alcohol use, parenting & child social-emotional-behavioral concerns & relationship concerns. Referrals can be made through PCM or patient self-referral by calling 781-225-6789.

Getting The Care You Need

Aerospace & Operational Medicine Clinic/Executive Medicine

Aerospace & Operational Medicine Clinic manages primary care and occupational medicine as two distinct clinics, Flight and Operational Medicine Clinic (FOMC) and Base Operational Medicine Clinic (BOMC). The goal is to better manage and support our Flying mission, PRAP (AUoF and PRP), and Occupational medicine populations under more efficient and patient-centered workflows.

Services offered:

- Acute & routine appointments
- Operational & Occupational physicals (Initial Flying Class (IFC), Firefighter, Pre-employment)
- Periodic Health Assessments (PHA), ADAF Retraining/Overseas clearances, Separation History & Physical Examinations (SHPE), AF Deployment-Related Health Assessments (DRHA)

There are **no** sick-call hours for Hanscom FOMC. All specialty appointments, unless otherwise directed, need to be coordinated through the appointment line at 781-225-6789.

Public Health

Located in Bldg 1609. Services offered to active duty, retired, and dependents:

- Pre/Post Deployment Medical Clearance
- Travel Medicine
- Tick Submissions (results can take up to 2-4 weeks)
- Occupational Health
 - Hearing exams
 - Fetal Protection Interviews
- Community Health

Contact us at:

usaf.hanscom.66-abg.list.publichealth@health.mil

Or by sending us a message in the MHS GENESIS Patient Portal

Bioenvironmental Engineering

Located in Building 1609. Gas Mask Fit Testing

Contact us at:

usaf.hanscom.66-abg.list.bio@health.mil

Getting The Care You Need

Mental Health

For appointments or information about any of these services, contact Mental Health directly at **781-225-6392**. Appointments at Mental Health are not scheduled or changed through the Call Center.

Mental Health Clinic: Provides clinical services for active-duty members only.

Family Advocacy Program (FAP) (ext: 781-225-6385): Provides prevention, evaluation, and treatment of spousal and child abuse or other maltreatment.

Alcohol and Drug Abuse Prevention and Treatment (ADAPT): Provides prevention, assessment, and treatment of active-duty members. Hanscom AFB civilian employees may be seen for assessment and referrals.

Disaster Mental Health (DMH) Team: Activated upon Commander request and provides educational, supportive, and consultative services for units who have experienced a traumatic disaster.

Optometry Clinic

The Optometry Clinic provides preventative eye exams and other optometry services including **limited** contact lens services, pre/post Corneal Refractive Surgery (PRK, SMILE, and LASIK) care by appointment only by calling **781-225-6789**. The Optometry Clinic is unique in that it is both a primary care type clinic for refractive (prescription for eyeglasses/contact lenses) services and a specialty type clinic for management of ocular injuries/diseases. Active-duty members receive priority for care in the Optometry Clinic. If the Optometry Clinic does not have appointments available, active-duty members enrolled to the Hanscom Clinic must obtain a referral to seek optometry care with a civilian network provider. Non-active-duty TRICARE Prime patients enrolled to the Hanscom Clinic may self-refer to a civilian network provider (NOTE: Only for annual eye exams). To self-refer, simply call a TRICARE-network optometrist or ophthalmologist and schedule your annual eye exam.

Getting The Care You Need

Dental Clinic

The Dental Clinic provides comprehensive dental care for eligible active-duty military personnel only. All dental visits, including sick-call, require an appointment. This can be accomplished by calling dental front desk at 781-225-6324 during normal clinic hours. Active-duty personnel in Dental Readiness Class 3 and 4, on flying status, and mobility personnel have first priority for appointments. Emergency care (such as active bleeding and/or trauma) are accepted on a walk-in basis and does not need an appointment. If you need emergency dental care after hours, **call 781-879-5346**.

Family members of active-duty personnel are encouraged to participate in the **TRICARE Dental Program (TDP)** administered by a civilian insurance company. Sign up online at www.tricare.mil/bwe or contact the dental front desk for more information.

Family members preparing to accompany their military sponsor to an overseas assignment must complete all necessary dental work prior to departure. Although family member dental care is available at overseas bases, it may be extremely limited at some locations. Family members requiring an overseas clearance examination can call the Dental Clinic at **781-225-6324** to schedule an exam if not completed by their civilian dentist.

Retirees and their family members are eligible for the Tricare Retiree Dental Program (TRDP). Visit their website at <https://www.benefeds.com/programs> or call BENEFEDS at 1-877-888-FEDS (1-877-888-3337) for more information.

Getting The Care You Need

Immunization Clinic

Hours of operation: Monday – Friday – 0730-1200 & 1300-1600

The Immunization Clinic is an appointment-based clinic. No walk-in services.

For all vaccines including the COVID vaccine and a Tuberculosis skin test (PPD/TST) please book an appointment by calling the appointment line at 781-225-6789 (Option 1).

PPD/TST skin tests are done on Mondays-Wednesdays and Fridays and require patients to return within 48 -72 hours for the result interpretation.

Health Promotions

Health Promotions is dedicated to prevention and health enhancement. The Health Promotion Program (HPP) is open to all personnel with access to Hanscom AFB. The following programs are offered through the HPP:

- Exercise Evaluation and Planning
- Tobacco Cessation/Prevention
- Injury Prevention Counseling/Consultation
- Body Fat Measurements
- Metabolic Assessments
- Bod Pod Assessments

For more information, call **781-225-6374**

Office Hours: Tuesday – Thursday 0630-1530

Exceptional Family Member Program (EFMP)

EFMP is congressionally mandated and supports identification, coordination, and enrollment of active-duty family members with educational, medical, and/or psychological needs. For more information call **781-225-4449**, or visit our clinic page at <https://hanscom.tricare.mil/Health-Services/Other> Also check out:

<https://daffamilyvector.us.af.mil/MemberSite/>

Case Management/Disease Management/Nurse Educators

Specialized services are available for patients who require coordination of complex care and/or require management of chronic diseases. For more information call **781-225-6789**.

Getting The Care You Need

Family Members Under 18 Years of Age

Family members under the age of 18 must have consent from a parent or legal guardian or the patient must provide a current written Power of Attorney to receive medical/dental care. The provider may require the parent/legal guardian present for the appointment. In an emergency or for certain medical conditions, these patients will be treated and/or transported as required. The Hanscom Clinic will attempt to contact the legal guardian to obtain authorization for treatment. Information regarding Power of Attorney forms may be obtained through the Base Legal Office by calling **781-225-1410**.

*MA Law allows minors to have care without parental consent or knowledge for the following: Comprehensive family planning services (contraceptive counseling), Medical Care for Drug Dependency Evaluation, and diagnosis and treatment of Sexually Transmitted Diseases.

Note: Any minor may give consent for medical or dental care at the time such care is sought if (i) they are married, widowed, divorced; or (ii) if they are the parent of a child.

Other Health Insurance (OHI)

By law, if active-duty family members, retirees, or their family members have health benefits through a source other than TRICARE, the OHI will be the primary source of coverage. Any time care is provided, it is **required by law to disclose all OHI coverage**. For TRICARE beneficiaries, OHI may include health benefits programs of a group employer, association, Medicare (for those with dual-eligibility), private insurer, or school-based plan for dependent students. OHI excludes TRICARE Supplemental Insurance and Medicaid.

Getting The Care You Need

Medical Records

For referrals outside Hanscom Clinic, please contact Medical Records section to request your medical records to be sent to the off-base provider. Urgent consults are prioritized, and records will be released promptly on a case-by-case basis. Patients are entitled to one free copy of their complete medical record at no charge. To request records, submit a completed DD Form 2870 to the Medical Records Section; records will be provided within 30 days of the request. For members separating/retiring, submit two copies of your separation or retirement orders to the Medical Records section. Service Treatment Records (STRs) will be sent to the gaining MTF or the STR center within five days after the end of active obligated service or Report No Later Than Date (RNLTD). Members who are PCSing, submit a copy of your PCS orders to the Medical Records Section no earlier than 10 days before your final out-processing date. Medical records will be mailed to your gaining MTF no later than two weeks after final out-processing. Retirees & Family Members may request a copy of their medical records up to 90 days—but no later than 60 days—prior to departure. Proof of authorization is required for dependents over 18 years of age.

Important Notes:

Hand-carrying original medical records is not authorized, except under specific circumstances and indicated on the orders. Ensure your medical and dental records are turned in to their respective departments to avoid delays or denial of VA disability compensation claims. If submitting a claim to the VA, request a copy of your medical record at least 120 days before your appointment. Original records will not be provided for VA appointments.

Contact Us:

Phone: 781-225-6341

Email: usaf.hanscom.66-abg.list.medical-records@health.mil

Getting The Care You Need

Pharmacy

1. Hanscom Clinic Pharmacy: Prescriptions can be filled up to a 90-day supply for most medications. Our prescription formulary includes a wide variety of available brand and generic medication. Any medication that is not listed on the Tricare formulary will not be available to dispense at our MTF. Special cases do apply. Please speak with a pharmacy representative for more details.

a. Hours of Operation: Monday, Tuesday, Thursday, & Friday (0730 to 1630); Wednesdays (1000 to 1630); Saturday & Sunday (Closed).

b. New Prescriptions: Your physician has the option to send your prescription electronically utilizing the Hanscom Pharmacy Site Name: DOD HANSCOM EPHCY. Our NCPDP# is 2244680. You may utilize one of three methods to activate your new prescription for pick-up: *Option 1:* Log on to the MHS Genesis Patient Portal and follow the prompts to request activation. *Option 2:* Text the words “get in line” to 1-833-225-9451 and follow the prompts to request activation. *Option 3:* Call us at 781-225-6173 and speak to a pharmacy representative to request activation.

c. Prescription Refills: Prescription refills must be requested using the pharmacy’s automated telephone refill system at 781-557-6514 or 781-225-6789 (Option 2, Option 1). If you have any issues requesting your order utilizing the automated system, please call and speak with a pharmacy representative at 781-225-6173. Refills will be available for pick-up in two duty days unless otherwise informed.

2. TRICARE Home Delivery: This option is available for most maintenance medications. Patients can receive up to a 90-day supply of their prescriptions via the mail by using the Tricare Home Delivery program. Visit <http://www.express-scripts.com> for more details. Please note, prescription copays may apply.

Getting The Care You Need

Laboratory Services

The Laboratory provides most general services. Patients may arrive to the lab Monday through Friday, between the hours of 0730 to 1130 (1000 to 1130 on Wednesdays) and 1300 to 1500 for walk-in blood draws and specimen drop-off.

Laboratory Staff do not provide results directly to patients. Please contact your provider to discuss results. Results can be viewed on the MHS GENESIS Patient Portal. For a physical copy, please contact outpatient records.

Important Time Considerations:

Patients with tests for vitamin and hormone levels, to include Testosterone and Cortisol levels, should report to the laboratory prior to 1000.

For HIV/FORCE Screening Testing:

Please send your PCM team a secure message on the MHS GENESIS patient portal (<https://my.mhsgenesis.health.mil>) or contact the appointment line at 781-225-6789 to have a message placed to your PCM team to have the labs ordered. The PCM team will contact you when the order is placed and will instruct you to proceed to the lab. Do NOT proceed to the lab until you have been contacted by your PCM team.

Getting The Care You Need

Laboratory Services

Key Laboratory Information:

Laboratory Questions: 781-225-6291

Blood Requests from Network Providers: To ensure the highest level of patient safety and integrity of lab testing, the laboratory will no longer accept paper lab orders (outside lab scripts) from off-base health care providers. Please use a local TRICARE-approved network laboratory.

Fasting Bloodwork Instructions: Not all blood tests require fasting. Patients instructed to fast must not eat or drink for 8-10 hours before lab appointment. Patient may drink water, tea or coffee (no sugar, no milk) and may still take any necessary medications. Patients fasting more than 12 hours will not be drawn.

Over-the-Counter Vitamins: Over-the-Counter (OTC) vitamins with high doses of biotin will interfere with some routine laboratory tests. Please discontinue OTC vitamins, such as biotin, Hair, Skin & Nails supplements for 48 hours prior to blood draws.

Presence and Supervision of Children in Patient Care: Any children accompanying the patient must be either in a stroller or car seat or old enough to wait in the lobby (10 and older or accompanied by an adult or sibling at least 12 years old). It is advised that every effort be made to not bring children into laboratory appointments unless the child is the patient.

Getting The Care You Need

Radiology Services

The Radiology department provides routine x-rays and image printing. Routine Radiology Services are performed on an appointment basis Monday through Friday, between the hours of 1330 and 1630. Please contact Radiology at 781-225-6260 to schedule an appointment.

Patients with x-ray orders from a network provider will be required to provide the physical order to be processed by radiology personnel. Please note that radiology exams produce both an image and a report. The images remain at the facility in which they were taken and are only moved by patient request. The report is a part of a member's medical record accessed by the patient records department.

Important Information

***Radiology Questions: 781-225-6260**

***In/Out processing:**

The radiology department is listed on the 66 MDS out processing checklist. To accomplish this mission member only need to be notified of the option to print images when PCS/retiring/separating (781-225-6260).

We are currently not taking images from other facilities; all patient images should be kept for personal record.

The Referral Process

TRICARE pays for covered medical services for TRICARE Prime beneficiaries when authorized in advance by your PCM. The PCM is the provider that focuses on patient's overall health and guides them to other health care professionals – specialists, hospitals, rehabilitation facilities, etc. For example, if a heart specialist is needed, the PCM will refer the patient to a cardiologist.

The Referral Cycle

TRICARE has contracted with a vast network of providers and hospitals that are dedicated to serving the needs of its beneficiaries. **Usually all care (except emergency care) will begin with the PCM team.**

Step 1: Schedule an appointment to see your PCM. Ensure the MTF has your current address and telephone number and that your address is correct in DEERS. If not, visit <https://milconnect.dmdc.osd.mil/milconnect/>.

Step 2: Acquire a referral from your PCM. Clinic personnel will coordinate with TRICARE to arrange for a referral to a civilian network specialist.

Step 3: Register for an online beneficiary account with Humana Military to view, print, and have access to manage referrals at:

<https://infocenter.humana-military.com/beneficiary/service/Account/Login>

Step 4: Humana will generate an authorization letter that should be viewable on their website within 3-5 days. If you chose to receive letters in the mail, you will receive one in 7-10 days. **DO NOT** schedule an appointment until you receive an authorization letter. If you have not received your letter or would like a different network specialist, please call **1-800-444-5445**.

Step 5: You will receive mandatory automated phone calls reminding you that (1) you have a referral that needs to be scheduled with the network specialist or (2) your PCM is waiting for the clinical notes/results back from your specialist. To ensure your PCM provides accurate healthcare, request your off-base specialist notes to be forwarded to 630-570-5179.

Take an Active Role in Your Healthcare

We look forward to partnership to ensure you have the best health care possible. We want to stress the importance of your role on the care team and be an active participant by doing the following:

Be Prepared

To receive maximum benefit from the time spent with your healthcare team, we suggest the following tips:

- Review your notes from the last visit at <https://my.mhsgenesis.health.mil/>
- Bring all your medications, in the original labeled containers, with you to your appointment. Please don't forget over the counter (OTC) medications and herbal supplements you are also taking.
- Be prepared to describe when, how, and how often you take each of your medications/supplements.
- Write down your questions and notes in advance. When you're in the exam room, you may forget.
- Here are some questions to ask every time you talk with a doctor, nurse, or pharmacist (from Ask Me 3):
 1. What is my main problem?
 2. What do I need to do?
 3. Why is it important for me to do this?
- Make sure you bring pen and paper to your appointments.
- Provide a complete and honest evaluation of your situation and concerns, even if it is difficult or potentially embarrassing to talk about. Your health care team needs to know the full picture!

Take an Active Role in Your Healthcare

Speak up

The clinic staff absolutely respects and encourages patients and family members to speak up! Our job is to make sure you are comfortable expressing your preferences, needs, and values. Your job is to convey your preferences, needs and values. Don't hesitate to ask questions and voice concerns. If you see something concerning, say something. Be clear and to the point. If you don't understand fully, ask for further clarification. Your team should always be using simple terms that are easy to understand, and, in a language, you understand the most.

Take charge of your health

If you have a chronic condition, learn more about your disease, treatment options, and prognosis. Become part of a support group of patients with similar experiences. Be a leader in your community to raise awareness for you or your family member's chronic condition. The more informed you are about your condition, the healthier you can be.

Help improve the system

We are continually working to provide better and safer care. Please help us to do this. Consider volunteering at your Medical Squadron's Patient and Family Partnership Council. Call 781-225-6198 and speak to our Patient Advocate for more information. We value your feedback, please take time to complete surveys you may receive by mail, phone or online. Participate in Medical Squadron-hosted social media events or in-person town halls to provide feedback.

Take an Active Role in Your Healthcare

Use the MHS GENESIS Patient Portal

The Patient Portal allows you to request medication refills, access your health record, chat with a nurse, and more. One of the best features is Secure Messaging. Secure Messaging is an efficient way to communicate with your healthcare team anytime, day or night, without playing “phone tag”. You can send and receive messages, upload attachments, and request medication renewals. Please visit <https://my.mhsgenesis.health.mil/>

Important! Secure messaging is not appropriate for medical emergencies and urgent concerns.

We are partners in your care

Don't think of yourself as a passive recipient of care; you are an active partner. We create plans of care “with” you, not for you.

Check out publicly reported data

All Military Health Service (MHS) Facilities share information about quality, safety, access and overall satisfaction at www.health.mil/transparency. Check out our Medical Squadron's data. We want you to compare our services with other hospitals in your area. Tell your friends and neighbors about publicly reported data. Don't hesitate to ask questions to your health team on what they are doing to improve quality, satisfaction, safety and access.

Be an informed health consumer

Be aware of health fads. If it sounds too good to be true, it probably is. It's good to look up health information online but stick with reputable sources (Centers for Disease Control, National Institutes for Health, Military Health System). Ask questions and obtain clarification when needed.

TRICARE Information

What is TRICARE? TRICARE is a health care program for active-duty members, their eligible family members, their survivors, and eligible retired military personnel and their family members. TRICARE is designed to: 1) Improve timely access to health care; 2) Maintain a high quality of care 3) Offer more services and a full range of specialists; 4) Give beneficiaries a choice of plans and providers; 5) Control health care costs.

Who is eligible for TRICARE Prime? Active-duty members, their eligible family members and survivors (normally under age 65), eligible retirees and their family members (normally under age 65), and Reserve Component (RC) members and their families, if the RC member is activated for more than 30 consecutive days. **Enrollment in TRICARE Prime is mandatory for active-duty members.** To ensure eligibility, your information in DEERS must be current. You may contact DEERS to verify your information by calling **1-800-538-9552**. Additionally, all eligible beneficiaries must reside in a service area where TRICARE Prime is offered.

Why Choose TRICARE Prime? There are lots of good reasons to choose TRICARE Prime: 1) Assignment to a PCM who provides and/or coordinates your care, maintains your health records, and approves and refers you to specialists when medically necessary; 2) Focused, preventive medical care to help keep you healthy; 3) Coverage when traveling away from home; 4) TRICARE Prime enrollment is **free** for active-duty members and their families. For current fees for Survivors, retirees, and their family members please go to <https://tricare.mil/Costs>.

Visit <https://www.tricare.mil/Plans/HealthPlans> for information on all TRICARE health plans.

US FAMILY HEALTH PLAN of Southern New England (Brighton Marine) – The US Family Health Plan is a contracted TRICARE program under which the TRICARE Prime benefit is offered to eligible military beneficiaries. For more information, please visit <https://www.usfhp.com>.

Where Can I Get Help With TRICARE?

You can receive assistance regarding the TRICARE program by calling **1-800-444-5445** or visiting the TRICARE website at <http://www.tricare.mil>.

If You Get A Bill By Mistake

TRICARE Prime beneficiaries should have little to no out-of-pocket expenses. If you do get a bill by mistake, contact TRICARE at **1-800-444-5445** to ensure that the claim was processed correctly. If you are still unable to resolve the issue, please call our Beneficiary Counseling and Assistance Coordinator / Debt Collection Assistance Officer at **781-225-6198**.

Reading The Explanation Of Benefits

After receiving care outside the Hanscom Clinic, TRICARE will send you an Explanation of Benefits. This document will reflect the care received, the amount billed, the amount paid by TRICARE, and any deductible or co-pay for which you may be responsible. For your convenience, you can register at <https://infocenter.humana-military.com/bene/service/account/login> to manage your TRICARE business online.

The most important column for beneficiaries to review is the middle column titled “Beneficiary Liability Summary.” This column will show you if you have any deductibles, co-payments, or cost shares. Pay special attention to the remarks section, as this section will explain how and why a service was paid or not. If you feel there is an error, please refer to the phone number on the Explanation of Benefits.

Point Of Service (POS) Option

POS is an option under TRICARE Prime that allows enrollees the freedom to seek and receive non-emergent health care services from any TRICARE authorized civilian provider, in or out of the network, without requesting a referral from their PCM or the Health Care Finder (HCF).

POS claims are subject to outpatient deductibles (\$300 individual and \$600 family), 50% cost-shares for outpatient and inpatient claims, and excess charges up to 15% over the allowed amount. The 50% cost-share continues to apply even after the Enrollment Year catastrophic cap has been met.

The POS option can be a very expensive choice, but it is an option available to all TRICARE Prime beneficiaries. If you do not follow the required steps for a referral as outlined in this handbook, your visit could bill as POS. In that case, you will be responsible for the deductibles and cost-shares outlined above.

Please note: active-duty personnel are not eligible to use the POS option. They must seek non-emergency care only from their MTF PCM or they will be responsible for 100% of all billed charges.

Hanscom AFB, MA Medical Clinic

66th Medical Squadron (Main Building)

(Primary Care, Flight Medicine, Dental, Lab, Immunizations, etc.)

90 Vandenberg Drive, Bldg 1900

Hanscom AFB, MA 01731

781-225-6789

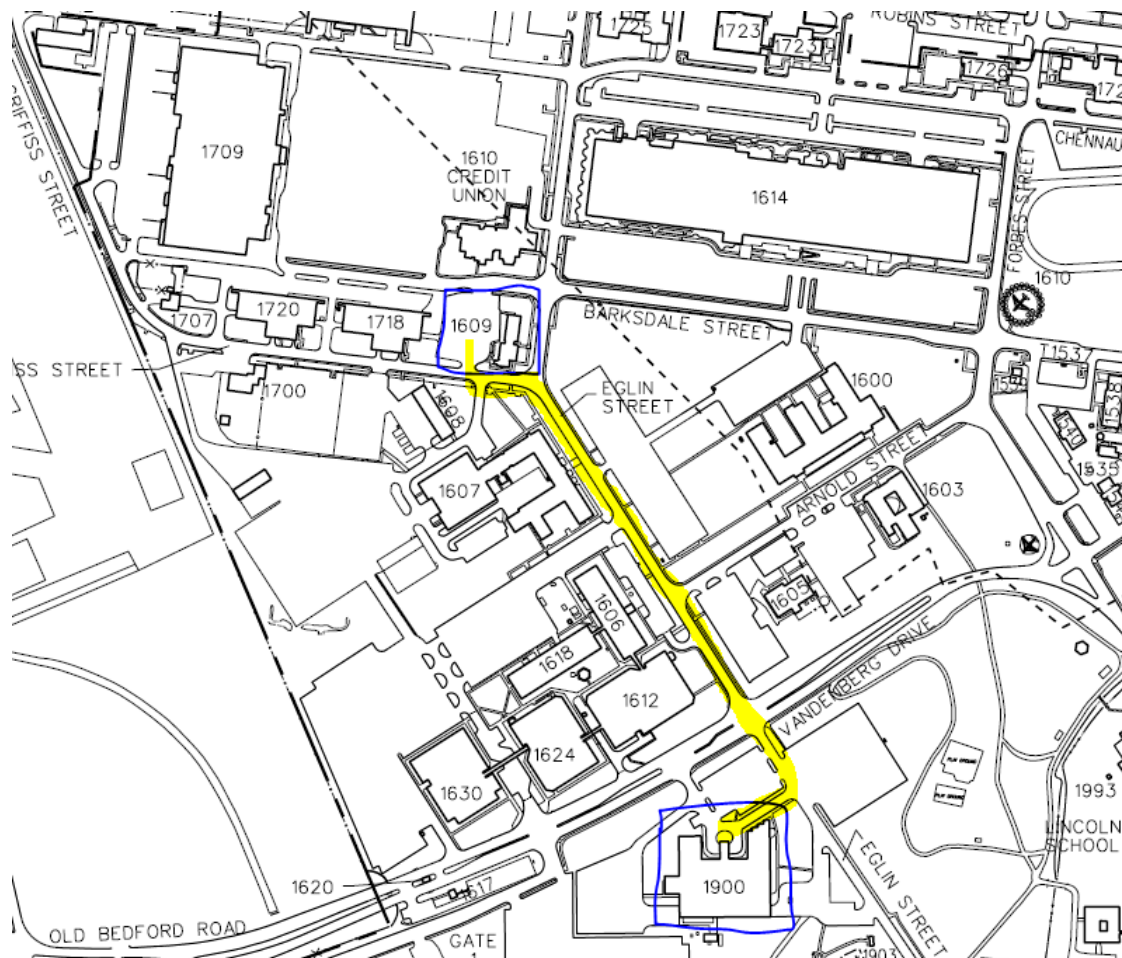

66th Medical Squadron (Preventative Medicine Building)

(Public Health, Bioenvironmental, Health Promotions, Base Operational Support Team, Civilian Health Promotions Services)

1609 Eglin Street

Hanscom AFB, MA 01731

781-225-6789

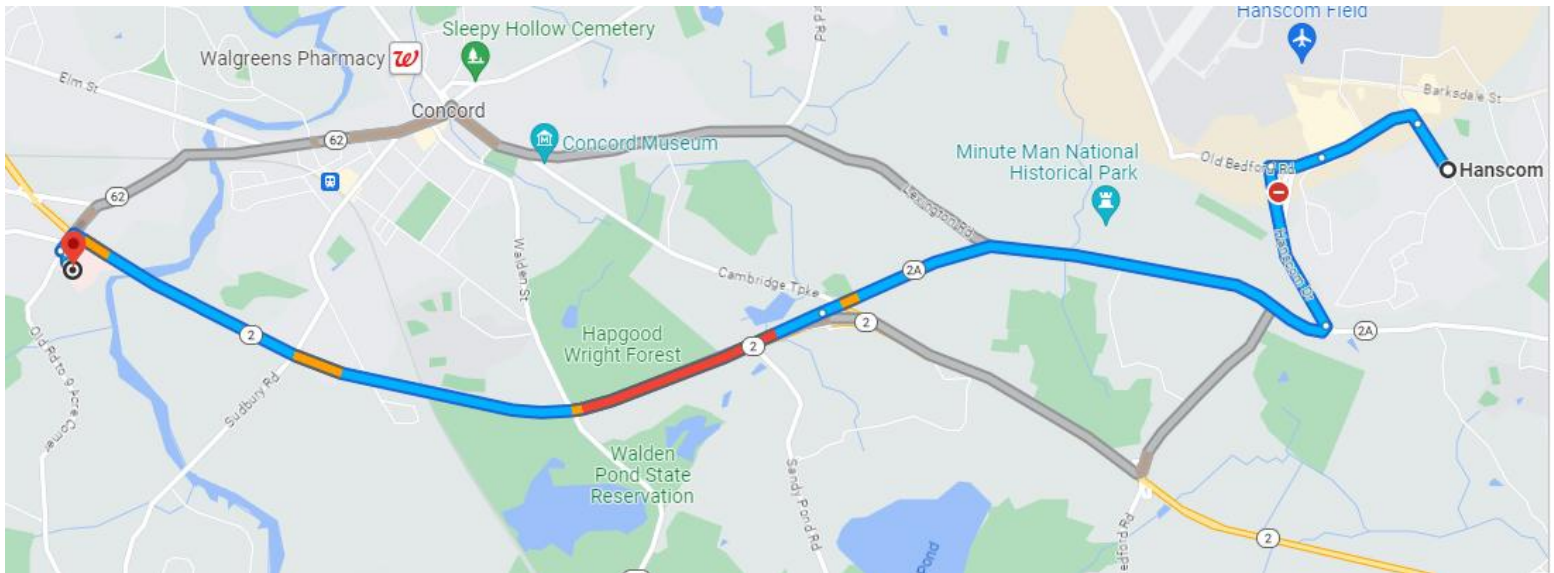

Nearest Emergency Facilities

Emerson Hospital

133 Old Road to Nine Acre Corner (type this exactly into the GPS)
Concord, MA 01742
978-369-1400

Lahey Hospital & Medical Center

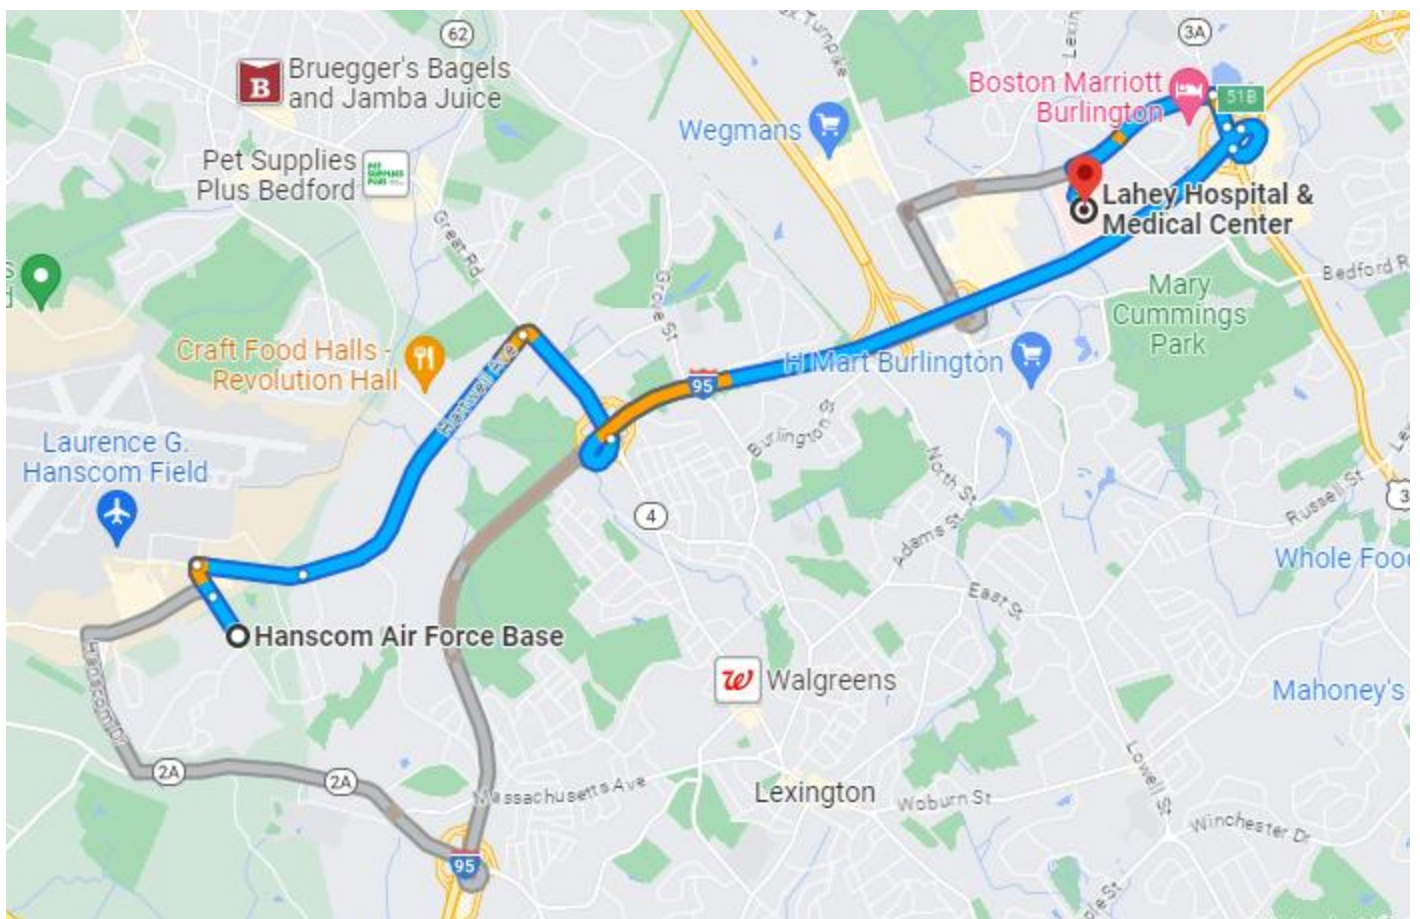

(Limited obstetrical and pediatric emergency care)

41 Mall Road

Burlington, MA 01805

781-744-5100

Exit the base through the Hartwell Gate onto Hartwell Avenue. Drive to the second set of lights. You will be at the intersection of Hartwell Avenue and Great Road. Turn right on Great Road and proceed to the I95/128N exit. Take the I95/128N exit and continue to exit 51B. Take Route 3A North (Exit 51B) and merge onto Cambridge Street. Stay in the far left lane. At the first set of lights, turn left onto Burlington Mall Road. Proceed until the fourth set of lights. Turn left into the entrance of the Lahey Clinic. The Emergency Room parking lot is on the right.

Patient Bill of Rights

Medical Care. Patients have the right to accessible, quality care and treatment that is consistent with available resources and generally accepted standards, including access to specialty care and to pain assessment and management.

Respectful Treatment. Patients have the right to considerate and respectful care, with recognition of personal dignity, psychosocial, spiritual, and cultural values and belief systems.

Privacy and Security. Patients have rights, defined by Federal law, DOD 5400.11-R (Reference (g)), Public Law 104-191(Reference (h)), and section 552a of title 5 U.S.C. (also known as “The Privacy Act of 1974, as amended”) (Reference (i)), to reasonable safeguards for the confidentiality, integrity, and availability of their protected health information, and similar rights for other PII, in electronic, written, and spoken form. These rights include the right to be informed when breaches of privacy occur, to the extent required by Federal law.

Provider Choice. Patients have the right to choose and change their Primary Care Provider, seek a second opinion, and seek specialty care.

Explanation of Care. Patients or their surrogate decision maker have the right to any and all necessary information in non-clinical terms to make knowledgeable decisions on consent or refusal for treatments, or participation in clinical trials or other research investigations as applicable. Such information is to include any and all complications, risks, benefits, ethical issues, and alternative treatments as may be available, to include the risks related to not receiving the proposed care, treatment or services. Patients have the right to receive information in a manner tailored to their age, language, and ability to understand. Interpreting and translation services are available upon request. Accommodations are provided to patients with vision, speech, hearing, or cognitive impairments on a case-by-case basis, such patients are coordinated with case management.

Informed Consent. Patients, or their surrogate decision maker, have the right to all necessary information in non-clinical terms to make knowledgeable decisions on consent or refusal for treatments. Such information is to include any and all complications, risks, benefits, ethical issues, and alternative treatments as may be available, to include the risks related to not receiving the proposed care, treatment or services.

Patient Bill of Rights cont.

Copy of Medical Record. Patients are authorized a free copy of their Medical/Dental records, but the original must be maintained at the medical/dental facility.

Filing Grievances. Patients have the right to make recommendations, ask questions, or file complaints to the clinic Patient Advocate. If concerns are not adequately resolved, patients have the right to contact The Joint Commission at the following website: www.jointcommission.org/report_a_complaint

Research Projects. Patients have the right to know if the clinic proposes to engage in or perform research associated with their care or treatment. The patient has the right to refuse to participate in any research projects.

Safe Environment. Patients have the right to care and treatment in a safe environment. All allegations, observations, and suspected cases of neglect, exploitation, and abuse that occur within the organization will be evaluated.

Medical/Dental Facility Rules and Regulations. Patients have the right to be informed of the facility's rules and regulations that relate to patient or visitor conduct.

Transfer and Continuity of Care. When medically permissible, patient may be transferred to another clinic only after he or she has received complete information and an explanation concerning the needs for and alternatives to such a transfer.

Charges for Care. Patients have the right to understand the charges for their care and their obligation for payment.

Advance Directive. Patients have the right to make sure their wishes regarding their healthcare are known even if they are no longer able to communicate or make decisions for themselves. Upon request, the patient will be provided possible sources to help formulate advance directives.

Request a Chaperone. All patients may request a chaperone at any time.

Provider Information. Patients have the right to obtain the name, specialty, and professional credentials of the physician or practitioner who will provide their care, treatment, and services or who have the primary responsibility for their care, treatment, or services.

Patient Responsibilities

Providing Information. Patients are responsible for providing accurate and complete information about complaints, past illnesses, hospitalizations, medications, over-the-counter products, herbals and nutritional supplements and other matters relating to their health to the best of their knowledge. Patients are responsible for letting their healthcare provider know whether they understand the diagnosis, treatment plan, and expectations.

Respect and Consideration. Patients are responsible for being considerate of the rights of other patients and clinic healthcare personnel. Patients are responsible for being respectful of the property of other persons and of the clinic.

Adherence with Medical Care. Patients are responsible for adhering to the medical and nursing treatment plan, including follow-up care, recommended by healthcare providers. This includes keeping appointments on time and notifying the clinic when appointments cannot be kept.

Refusal of Treatment. Patients are responsible for their actions if they refuse treatment or do not follow the practitioner's instructions. Patients may be asked to sign an "Against Medical Advice" form in such instances.

Medical Records. All medical records documenting care provided by any medical/dental facility are the property of the U.S. Government. Patients are not allowed to hand-carry their medical/dental records.

- Active duty and family members of Geographically Separated Units are not permitted to maintain custody of their original military medical records. A record of healthcare must be maintained at the site where healthcare is provided.
- If you see an off-base provider, please provide your team with a copy of the information, so we can provide you with the highest quality care.

Medical/Dental Facility Rules and Regulations. Patients are responsible for following Medical/Dental facility rules and regulations affecting patient care and conduct.

Healthcare Charges. Patients are responsible for meeting financial obligations incurred for their healthcare as promptly as possible.

Advance Directive. Patients have the responsibility to provide a copy of their advance directive to their health care facility.

NATIONAL PATIENT SAFETY GOALS

For Ambulatory Health Care

Hanscom Clinic ACTIONS:

Identify Patients Correctly. Utilize each person's full name and date of birth as the two standard patient identifiers when providing care, treatment, and services.

Use Medicines Safely. A. Label all medicines that are not already labeled. (For example, medicines in syringes, cups and basins.) B. Take extra care with patients who take medicines to thin their blood. C. Review the patient's current medications at every appointment, and if there are any medication changes during that visit the patient will be offered an updated medication sheet.

Prevent Infection. A. Follow the hand cleaning guidelines from the Centers for Disease Control and Prevention. B. Use proven guidelines to prevent infection after surgical procedures.

Prevent Mistakes in Surgery. A. Make sure that the correct procedure is done on the correct patient and at the correct place on the patient's body. B. Mark the correct place on the patient's body where surgery is to be done. C. Pause before the surgical procedure to make sure that a mistake is not being made.

PATIENT ACTIONS:

Confirm your FULL NAME and Date of Birth at every visit and at each visit.

Keep a current list of your medications, include prescription, non-prescription, over-the-counter, vitamins, herbals and supplements. Know the names of your medications, how and when you need to take them, and why. Use medicines safely as directed.

Protect yourself and others from illness by washing your hands frequently, especially after using the bathroom and contact with bodily fluids or drainage. Cover your mouth and nose with a tissue when coughing or sneezing (you may be asked to wear a mask). After any procedure, ask your provider how you can prevent infections.

Make sure you understand what will happen if you have a surgical procedure. Speak up: don't be afraid to ask any questions or to challenge medical personnel if you feel something is not correct.

Since 2015, the 66th Medical Squadron has obtained and maintained The Joint Commission (TJC) accreditation for both Ambulatory and Primary Care Medical Home.

Most recently, on October 30, 2024, 66th Medical Squadron earned The Joint Commission's Gold Seal of Approval® for Ambulatory Health Care Accreditation by demonstrating continuous compliance with its nationally-recognized standards. The Gold Seal of Approval® is a symbol of quality that reflects an organization's commitment to providing safe and effective patient care.

In addition, The Joint Commission awarded 66th Medical Squadron with the Gold Seal of Approval for Primary Care Medical Home Certification. The Joint Commission recognized how effectively the primary care clinician and the interdisciplinary team work in partnership with patients to provide comprehensive, coordinated and patient-centered care.

The Quality Report is available to the public and can be accessed on the internet at [https://www.qualitycheck.org/quality-report/Hanscom_66th Medical Squadron](https://www.qualitycheck.org/quality-report/Hanscom_66th_Medical_Squadron)
